Courses in English Winter Semester 2026/27

Study programme: Incoming programme

Level: Bachelor or Master

Location: Campus Eisenstadt

Study programme office: claudia.kittelmann@hochschule-burgenland.at

Austria: Cultural Aspects and Business Behaviour

Course number: INC004E

Course type: PR

Semester: Winter, Summer

Teaching units: 1

ECTS: 2

Evaluation method: permanent

Competencies: English Proficiency Level B2

Content:

Aims: Discover and understand Austria – cultural background and regional mindsets. Preparation for challenges occurring in professional life and business surroundings.

Contents: Austrian cultural patterns, customs and framework of life, study and work. Discovery and location of elements and dispositions useful for professional and business contacts. Development of competences for successful cooperation and self-location in Austria.

Austrian Politics, Economy and History

Course number: INC002E

Course type: PR

Semester: Winter, Summer

Teaching units: 1

ECTS: 2

Evaluation method: permanent

Competencies: English Proficiency Level B2

Content:

Outcomes: Broaden one's knowledge about Austrian culture, politics and economics, to be able to understand and discuss these topics; to get acquainted with Austrian cultural standards for orientation in everyday life.

Content: Overview and outline of Austrian statistics, history, culture, political system, current political topics, economy, labour market and Austria's role within the EU and the world.

Intercultural Team Communication and Outdoortraining

Course number: INC007E

Course type: PR

Semester: Winter, Summer

Teaching units: 22.5

ECTS: 3

Evaluation method: permanent, presentations in class, quiz

Competencies: English Proficiency Level B2

Content:

Aims: Promote intercultural competence in teams. Learn about communication models and cultural theories, deal with similarities and differences in work contexts. Expand problem-solving and

adaptability in intercultural settings.

Outdoor training includes team building in all weather conditions, learning cooperation, and using team-dynamic processes.

Contents: Self-presentations, group presentations, team-building exercises for multicultural groups, group work, outdoor team training.

Sustainability & Business

Course number: INC008E

Course type: SE

Semester: Winter, Summer

Teaching units: 1

ECTS: 2

Evaluation method: permanent, active participation, presentations in class, short report

Competencies: English Proficiency Level B2

Content:

Aims: Understand the corporate imperative of sustainability internationally (EU, USA, China). Learn about sustainable development at different levels, potential for innovation, and sustainable strategies.

Contents:

- Introduction to Sustainability Frameworks (e.g., UN SDGs, Doughnut Economy, EU Green Deal)
- Strategies of Sustainable Management
- Methods for Sustainable Innovation
- International Case Studies

Kommunikation auf Deutsch in Alltag und Beruf A1/A2 (beginner's plus level)

Course number: INC005E

Course type: PR

Semester: Winter, Summer

Teaching units: 2

ECTS: 4

Evaluation method: permanent, two Moodle tests, four homework tasks, optional: ÖSD exam A2 or A1

Competencies: Level A1 and A2

Content:

Aims: Enhance oral competence (sentence structure, vocabulary), speak fluently in daily/business settings, understand basic grammar and general topics, prepare for ÖSD A1/A2 exams.

Contents: Self-introduction, restaurant ordering, time planning, hobbies, small talk, phone calls, emails, reading/listening exercises, written ÖSD prep.

Kommunikation auf Deutsch in Alltag und Beruf B1/B2 (intermediate level)

Course number: INC006E

Course type: PR

Semester: Winter, Summer

Teaching units: 2

ECTS: 4

Evaluation method: permanent, two Moodle tests, four homework tasks, optional: ÖSD exam B1 or B2

Competencies: Level B1 and B2

Content:

Aims: Improve oral competence, sentence structure, fluency in everyday/business communication, grammar depth, and preparation for ÖSD B1/B2.

Contents: Asking for info, social interaction, meetings, phone use, online media, emails/posts, argumentation, opinions, reading/listening, written ÖSD prep.

Study programme: Bachelor International Business Relations

Location: Campus Eisenstadt

Study programme office: claudia.kittelmann@hochschule-burgenland.at

Principles of Economics

Course number: W0263OEM03

Course type: Integrated course

Semester: 1

Teaching units: 30

ECTS: 3

Evaluation method: Continuous assessment

Competencies: The precondition for the English-language course "International Economics & Policy" is the course "Introduction to Economics" is preferably held in English.

Content:

- Macroeconomics I: aggregate demand and aggregate supply
- The economics of the public sector
- Theories of income and market policy: Keynes and IS-LM analysis
- Principles of monetary and fiscal policy as compared among schools of thought
- Measurement of economic performance and efficiency
- Microeconomic theory: how markets function, efficiency, and welfare

Study programme: Bachelor International Sustainable Business

Location: Campus Eisenstadt

Study programme office: doris.reiter@hochschule-burgenland.at

Intercultural & Responsible Consumer Behaviour

Course number: W0900IRCB01

Course type: Integrated Course

Semester: 3

Teaching units: 60

ECTS: 6 ECTS

Evaluation method: Continuous assessment

Content:

- The sustainable purchasing process of consumers and its phases
- Factors influencing consumer behaviour (e.g., involvement, perception) and differences in intercultural marketing (international) and sustainable service marketing

International Supply Chain Management & Green Logistics

Course number: W0900SCML01

Course type: Integrated Course

Semester: 3

Teaching units: 60

ECTS: 6 ECTS

Evaluation method: Continuous assessment

Content:

- Concepts of sustainable supply chain management
- Supply chain design and logistics management
- Procurement management, recycling and reuse
- Green logistics, green procurement and sustainable transportation
- Important parameters for determining and monitoring the degree of target achievement (e.g. delivery service level, profitability)

European Business Law

Course number: W0900EUBL01

Course type: Integrated Course

Semester: 3

Teaching units: 60

ECTS: 6 ECTS

Evaluation method: Continuous assessment

Content:

- European Company Law
- EU Competition Law
- International Contract Law and management
- European Consumer Law
- European and International Intellectual Property Protection

Sustainable Business Models

Course number: W0900SUBM01

Course type: Integrated Course

Semester: 3

Teaching units: 60

ECTS: 6 ECTS

Evaluation method: Continuous assessment

Content:

- Circular Economy, main principles and methods
- International frameworks and indicators (CCF, PCF, GRI, etc.)
- Instruments of sustainability and product sustainability assessment
- Corporate strategies and sustainable business models
- Circular Economy and economics
- Tools and approaches for sustainable product development and business modelling
- Interpretation of sustainability indicators (CCF, PCF, LCA, EPD, PEF, and others)

Collaboration & Participation

Course number: W0900COPA01

Course type: Integrated Course

Semester: 3

Teaching units: 60

ECTS: 6 ECTS

Evaluation method: Continuous assessment

Content:

- Types and methods of cross-organisational and interdisciplinary stakeholder engagement
- Business communication and collaboration
- Stakeholder Management
- Materiality Analysis

Trends in International Sustainable Business

Course number: W0900TISB01

Course type: Integrated Course

Semester: 3

Teaching units: 60

ECTS: 6 ECTS

Evaluation method: Continuous assessment

Content:

- Current international, ecological, social or economic developments and their impact on selected business areas
- Topics are discussed annually with students in the study programme college and determined by the study programme management

Course number: W0900GSBI01

Course type: Integrated Course

Semester: 3

Teaching units: 60

ECTS: 6 ECTS

Evaluation method: Continuous assessment

Content:

- Company-related sustainability problems – market, customers, risks
- Sustainability reporting – facts, indicators and performance
- Financial indicators and sustainability
- Innovation management and sustainability
- Stakeholders and the sustainable value chain
- Sustainable business case concepts and tools
- Internationalisation and innovation
- Business model innovation, alternative growth strategies
- Sustainable finance – banks, investors, ESG rating
- Sustainable entrepreneurship
- Innovation and sustainability – the role of finance and growth
- Transparency and profitability

Study programme: Master European Studies – Management of EU Projects

Location: Campus Eisenstadt

Study programme office: gabriele.koenig@hochschule-burgenland.at

Intercultural Communication

Course number: W0402TEAM02

Course type: Integrated Class

Semester: 1

Teaching units: 15

ECTS: 2 ECTS

Evaluation method: Continuous assessment

Content:

- Identifying and assessing synergies of cultural dimensions in the EU
- Reflection on self-image and the image of others in an intercultural context
- Understanding the interplay of language, multilingualism and non-verbal communication

EU Decision Making

Course number: W0402DMAK01

Course type: Integrated Class

Semester: 1

Teaching units: 60

ECTS: 6 ECTS

Evaluation method: Continuous assessment

Content:

- European integration process
- Enlargement of the EU
- EU treaties and legal fundamentals of the EU
- European Institutions: European Parliament, EU Council, European Commission, ECJ...
- Federalism in European practice – the Union and the Member States
- Democratic legitimacy of the EU and European citizenship
- The Future of Europe – current challenges for the European Integration Process
- Internationalization/Globalization
- EU budget: legal basis and principles of financial management
- Multiannual financial framework and annual budget
- Financial management

Project Management

Course number: W0402PMAD01

Course type: Integrated Class

Semester: 1

Teaching units: 45

ECTS: 6 ECTS

Evaluation method: Continuous assessment

Content:

- Overview of project management standards
- Project models and processes of project management
- Selected project start-up methods for performance and schedule planning, project content analysis, cost and risk structure, and documentation

- Specific aspects and challenges in EU projects
- Financial instruments: equity, debt and internal financing
- Development of financing strategies and plans
- Criteria for investment decisions
- Financial planning and budgeting in the private and public sector
- Cost control and financial reporting
- Project financing by European Financial Institutions (EIB, EIF, EBRC, etc.)

EU Project Funding

Course number: W0402PFUND01

Course type: Integrated Class

Semester: 1

Teaching units: 60

ECTS: 6 ECTS

Evaluation method: Continuous assessment

Content:

- EU funding policies (e.g. structural policies, research funding, programmes with third countries)
- Functioning of the individual EU funds and national support institutions
- Rules for the management of grants at both EU and national level
- The entire project life cycle from application to final report
- Prerequisites for the formulation of project applications and reports
- Criteria for “successful” project applications
- Budget planning
- Recognition and management of deviations in services, deadlines, resources and costs
- Progress reports and final reports
- Evaluation of projects

Study programme: Master Human Resource Management and Labour Law

Location: Campus Eisenstadt

Study programme office: gabriele.koenig@hochschule-burgenland.at

HR Assessments

Course number: W0401SKL301

Course Type: Integrated Course

Semester: 3

Teaching units: 15

ECTS: 1 ECTS

Evaluation method: Continuous assessment

Content:

- Methods of potential analysis
- Potential analysis and psychometric procedures
- Potential analysis in recruitment and people development
- Develop and carry out potential analyses

International and Intercultural Business Behaviour

Course number: W0401SKL302

Course Type: Integrated Course

Semester: 3

Teaching units: 30

ECTS: 2 ECTS

Evaluation method: Continuous assessment

Content:

- Characteristics of international and intercultural communication
- Cultural standards and cultural dimensions
- Relevance of international communication in business relationships
- Reflection and discussion of own cultural dispositions
- Global cultural spaces and cultural spaces in Europe
- The CEE cultural area as a special case
- Preparation for excursion in the following semester

Study programme: Master International Wine Marketing

Location: Campus Eisenstadt

Study programme office: claudia.kittelmann@hochschule-burgenland.at

Project

Course number: W0271PRAX01

Course type: Project

Semester: 3

Teaching units: 30

ECTS: 6 ECTS

Evaluation method: Presentation before a committee + project report

Content:

Planning, implementation and reflection of practical, project-oriented activity in connection with the two focal points of the degree programme “international wine business” and/or “international marketing” as well as systematic further development of competences.

The practical projects are carried out in a relevant professional environment.

They are supported through an individual support framework.

Wine Business English 1

Course number: W0271KOM101

Course type: Language Class

Semester: 1

Teaching units: 30

ECTS: 4 ECTS

Evaluation method: Continuous assessment

Content:

Basic wine terminology as well as core vocabulary associated marketing and international management will be covered.

Functional language for socializing, participating in meetings and presenting in English will be reviewed.

Speaking activities such as case studies & role plays will be used to provide opportunity to practice the above acquired language.

Grammar will be reviewed & practiced in class.

Skills development will be achieved by reading and listening to appropriate texts and writing professionally relevant correspondence such as press releases, corporate guidelines, advertising copy, business letters/emails & reports.

Personalized study goals will provide further language & skills input & practice. These will focus on vocabulary, grammar, reading, listening, speaking and/or writing tasks related to the core topics that are of particular relevance to the student.

Wine Business English 3

Course number: W0271KOM301

Course type: Language Class

Semester: 3

Teaching units: 30

ECTS: 4 ECTS

Evaluation method: Continuous assessment

Content:

International wine terminology as well as core vocabulary associated strategic branding, risk management, e-business, free trade, investment & current professional issues will be covered. Functional language for negotiating & presenting in English will be reviewed & practiced in authentic business situations.

Skills development will be achieved by reading, listening to & discussing professional texts and writing press statements, financial reports, business correspondence, CVs and abstracts.

Personalized study goals will provide further language & skills input & practice. These will focus on consolidate and extend core language, receptive and/or productive skills covered in this module that are of particular relevance to the student.

Study programme: Master International Business Relations

Location: Campus Eisenstadt

Study programme office: julia.mayer@hochschule-burgenland.at

Business Communication I

Course number: W0264CSTE01

Course type: Communication class

Semester: 1

Teaching units: 30

ECTS: 2 ECTS

Evaluation method: Continuous assessment

Content (topics covered in the course):

- Language acquisition or improving business communication
- Work on topics related to the student's specialisation
- Endorse individual learning goals

International Accounting

Course number: W0264FIMA01

Course type: Integrated Class

Semester: 1

Teaching units: 60

ECTS: 6 ECTS

Evaluation method: Continuous assessment

Content:

- Introduction to IFRS
- Current questions regarding practical applications
- Interpretation of IFRS financial statements
- Consolidation
- Differences between IFRS and US-GAAP

Marketing Management

Course number: W0264IMA01

Course type: Integrated Class

Semester: 1

Teaching units: 60

ECTS: 6 ECTS

Evaluation method: Continuous assessment

Content:

- International marketing as part of marketing management
- Factors of internationalisation
- Decision-making processes in international marketing
- Adaptation/standardisation
- Market entry
- Marketing strategies and measures in international marketing

Digital Audit and Risk Management

Course number: W0264FIMA05

Course type: Integrated Class

Semester: 3

Teaching units: 60

ECTS: 6 ECTS

Evaluation method: Continuous assessment

Content:

- Risk management, credit and interest rate risk
- Digitalisation in auditing
- Process automation
- Advanced analytics

International Economics

Course number: W0264FK04

Course type: Integrated Class

Semester: 3

Teaching units: 45

ECTS: 6 ECTS

Evaluation method: Continuous assessment

Content:

- Macroeconomic indicators and underlying economic theories
- Researching relevant economic information
- Overview of the economic situation in selected CEE countries
- Evaluation and forecast of economic framework conditions from the perspective of real-life, internationally active companies

Intercultural Teams and Cross-Cultural Management

Course number: W0264INCM03

Course type: Integrated Class

Semester: 3

Teaching units: 15

ECTS: 2 ECTS

Evaluation method: Continuous assessment

Content:

- Intercultural management as a term and concept
- Opportunities and risks when working in and with intercultural teams
- Work with practical examples

Business Communication 3

Course number: W0264INCM01

Course type: Integrated Class

Semester: 3

Teaching units: 30

ECTS: 2 ECTS

Evaluation method: Continuous assessment

Content (topics covered in the course):

- Language acquisition or deepening business communication skills
- Work on topics related to the specialisations

Study programme: Bachelor IT Infrastructure-Management

Location: Campus Eisenstadt

Study programme office: viktoria.jagschich@hochschule-burgenland.at;
ricarda.maleschitz@hochschule-burgenland.at

Current Trends

Course number: I0640WIS203

Course type: Seminar

Semester: 5

Teaching units: 30

ECTS: 3 ECTS

Evaluation method: Final evaluation

Content:

- Apply scientific methods
- Seminar paper
- Presentation and discussion of the seminar papers

English for Specific Purposes I

Course number: I0640ENG101

Course type: Integrated Class

Semester: 1

Teaching units: 30

ECTS: 3 ECTS

Evaluation method: Continuous assessment

Content:

- Learning basic, job-specific vocabulary
- Conversation, argumentation and presentation in a professional context
- Writing: Correspondence, reports, professional articles, applications, descriptions

English for Specific Purposes III

Course number: I0640ENG301

Course type: Integrated Class

Semester: 3

Teaching units: 30

ECTS: 3 ECTS

Evaluation method: Continuous assessment

Content:

- Consolidation and expansion of job-specific vocabulary and grammar skills
- Extending listening and reading comprehension
- Role plays and discussions in a professional context
- Writing: Correspondence, reports, professional articles, scientific articles, applications, descriptions

Study programme: Bachelor Information, Media & Communication

Location: Campus Eisenstadt

Study programme office: viktoria.jagschich@hochschule-burgenland.at;

ricarda.maleschitz@hochschule-burgenland.at

Communication English I

Course number: I0639KEN101

Course type: Integrated course

Semester: 1

Teaching units: 30

ECTS: 3 ECTS

Evaluation method: Continuous assessment

Content:

- The English language in newspapers (common phrases and expressions used in print media);
- newspaper genres, types and language forms regarding spelling, punctuation, etc.
- Writing a newspaper article
- The major differences between magazines and newspapers; planning and writing of a magazine
- New Media vocabulary, elements of a website; brief a website design
- The language of blogs and blogging; planning and writing a blog
- Technical vocabulary

Operating Systems, Networks and User Software

Course number: I0639MDI102

Course type: Integrated course

Semester: 1

Teaching units: 30

ECTS: 3 ECTS

Evaluation method: Continuous assessment

Content:

- Systematics of operating systems
- Processes and threads, deadlock
- Memory management
- File systems
- Multi-user operating systems
- Specific concepts for operating systems and computer networks
- Rights and users
- Unix and Linux, Windows, MacOS
- Structure and functioning of computer networks
- Typology of application software

Communication English III

Course number: I0639KEN301

Course type: Integrated course

Semester: 3

Teaching units: 30

ECTS: 3 ECTS

Evaluation method: Continuous assessment

Content:

- Grammar, extended vocabulary and expressions on selected topics
- Report types and characteristics of report writing
- Managers: functions of managers and their styles, project managers
- Meetings: Meeting Skills, conducting meetings
- Project management: phases in project management, project team
- Teamwork: importance and team types
- Risk management: identifying risks, risk assessment, internal and external risks
- Risk types and terminology
- Crisis management and communication
- Case Studies: examples of famous corporate crisis cases and their communication and management
- Crisis communication and coping with crisis situations: writing press releases and statements
- Appraisals: recognizing merit and giving constructive feedback; carrying out appraisal interviews

Study programme: Master Digital Media and Communication

Location: Campus Eisenstadt

Study programme office: cornelia.holzinger@hochschule-burgenland.at

Capstone Project 2

Course number: I0725CAP201

Course type: Project

Semester: 3

Teaching units: 30

ECTS: 4 ECTS

Evaluation method: Continuous assessment

Content:

- Planning, implementation and evaluation of a real-life practical project in a self-selected focus area (content, PR, marketing, IT, UX)
- Conceptual design
- Project management
- Strategy
- Presentation & Pitching
- Communication evaluation and controlling

Master Thesis Seminar 1

Course number: I0725SMA101

Course type: Seminar

Semester: 3

Teaching units: 15

ECTS: 2 ECTS

Evaluation method: Continuous assessment

Content:

- Creation of the structure of the Master's thesis in three parts/phases – here:
 1. exposé
 2. table of contents and structure of the theoretical part

Study programme: Master E-Learning and Knowledge Management

Location: Campus Eisenstadt

Study programme office: sabine.hoffmann@hochschule-burgenland.at

Practical Project

Course number: I0364PPI01

Course type: Project

Semester: 3

Teaching units: 30

ECTS: 10 ECTS

Evaluation method: Continuous assessment

Content:

- Guided project work based on project topics proposed by external clients or resulting from research projects
- The project topics cover the core areas of study, i.e. e-learning, knowledge management and digital media
- Sample project topics are the conception and implementation of an e-learning course, support of knowledge management projects or the design of web-based systems

Study programme: Master Business Process Engineering & Management

Location: Campus Eisenstadt

Study programme office: sabine.hoffmann@hochschule-burgenland.at

Business Process Management Theory

Course number: I0635COE101

Course type: Integrated Course

Semester: 1

Teaching units: 30

ECTS: 3 ECTS

Evaluation method: Continuous assessment

Content: Functional language in connection with information technology and organisation will be trained. Skills development will be achieved by reading and listening to appropriate English texts and through the students' own written and oral contributions. Typical speaking activities are dialogues and role plays. Grammar will be addressed as needed. Integrated terminology for vocabulary, grammar, listening and speaking will be taught, with emphasis on meaning. Students will also write various text types, in particular the writing of blog and wiki contributions related to the topics that are part of their studies.

Strategic BPM & Behavioral Strategy

Course number: I0635COE102

Course type: Integrated Course

Semester: 1

Teaching units: 30

ECTS: 3 ECTS

Evaluation method: Continuous assessment

Content:

- Process innovation
- Strategic Process Management (SPM)
- Process Reengineering vs. Continuous Improvement

Master's Thesis Accompanying Seminar I

Course number: I0635WISA401

Course type: Integrated Course

Semester: 3

Teaching units: 30

ECTS: 3 ECTS

Evaluation method: Continuous assessment

Content: Basic requirements (basic structure, literature, outline, abstract, etc.), scientific writing style and types of academic writing; students are given the opportunity of a coached elaboration and presentation, research and approval process for the Master's thesis topic

Study programme: Bachelor Social Work

Location: Campus Eisenstadt

Study programme office: stefanie.ernst@hochschule-burgenland.at

Professional English for Social Work

Course number: S0743GSA201

Course type: Language class

Semester: 1

Teaching units: 30

ECTS: 2 ECTS

Evaluation method: Continuous assessment

Content: In this course, students will dispute various topics relevant to the field of social work, with an emphasis on international themes and key context. Students will be able to read, understand and debate about complex topics related to social work in the English language. In addition, students should be able to differentiate between different registers, use proper syntax to construct sentences, and use correct English grammar and vocabulary related to the field. Through practice-based themes and project-related studies, students will both acquire knowledge in regards to methods utilized in different fields and contexts of social work and improve professional communication and presentation.

Study programme: Bachelor Software Engineering and Connected Systems

Location: Campus Pinkafeld

Study programme office: sonja.koscholitz@hochschule-burgenland.at

Operating Systems

Course number: I0859GDI02

Course type: Integrated Course

Semester: 1

Teaching units: 60

ECTS: 6 ECTS

Evaluation method: Continuous assessment

Content: Systematics of operating systems, storage systems, cache and storage organization, I/O interfaces and communication, interrupt handling, pipelining, superscalar and multiprocessor architectures, security concepts in operating systems, rights management, Unix and Linux, basics machine code, Windows, Bash and PowerShell

Communication English I

Course number: I0859KEN01

Course type: Tutorial

Semester: 1

Teaching units: 30

ECTS: 3 ECTS

Evaluation method: Continuous assessment

Content: Learning basic, job-specific vocabulary, conversation, argumentation and presentation in a professional context, writing: correspondence, reports, professional articles, applications, descriptions

Communication English III

Course number: I0859KEN03

Course type: Tutorial

Semester: 3

Teaching units: 30

ECTS: 3 ECTS

Evaluation method: Continuous assessment

Content: Consolidation and expansion of job-specific vocabulary and grammar skills, expansion of listening and reading comprehension, role plays and discussions in a professional context, writing: correspondence, reports, professional articles, scientific articles, applications, descriptions

Software Design and Frameworks for Distributed Systems

Course number: I0859PRG01

Course type: Integrated Course

Semester: 3

Teaching units: 60

ECTS: 6 ECTS

Evaluation method: Continuous assessment

Content: Overview of common Internet of Things platforms (e.g., Arduino, Pi, NetDuino, Gadgeteer, FEZ Cerbot, BeagleBone, ARM mbed etc.), overview of common frameworks for mobile devices and web applications (e.g., Android, React, J2EE etc.), integration of actuators and sensors, deployment of IoT devices as HTTP web server/client, REST services, MQTT connectivity protocol, IoT communication backbones and cloud services (Xively, Yaler)

Study programme: Bachelor Building and Energy Technology

Location: Campus Pinkafeld

Study programme office: gudrun.kaipel@hochschule-burgenland.at

General English

Course number: E07865UM103

Course type: Language class

Semester: 1

Teaching units: 30

ECTS: 3 ECTS

Evaluation method: Continuous assessment

Content:

- Writing skills: Writing essays, paragraph structure, essay structure
- Speaking skills: Socializing, taking part in discussions
- Topics: Sustainability and the environment, Infrastructure and transport, Technology and innovation; Revision of basic grammar: tenses, adverb/adjective, if-clauses, prepositions etc.

English for Building and Energy Engineers I

Course number: E07865UM301

Course type: Language class

Semester: 3

Teaching units: 30

ECTS: 3 ECTS

Evaluation method: Continuous assessment

Content:

- Speaking skills: Giving instructions, describing processes
- Writing skills: Summarizing technical texts
- Topics: Objects and materials (shapes and dimensions, properties of materials); Buildings and sustainable construction (types, interior and exterior of buildings, blueprint reading); Control engineering (smart house technology); HVAC/R-engineering, Facility management

Intercultural Collaboration

Course number: E07865UM501

Course type: Language class

Semester: 5

Teaching units: 30

ECTS: 3 ECTS

Evaluation method: Continuous assessment

Content:

- Speaking skills: Meetings and negotiations
- Writing skills: Infographic
- Topics: The impact of culture on business, Communication in the multicultural workplace, Organisational culture, Taxonomies of cultural values, Meetings, negotiation and conflict across cultures, Working in international (and virtual) teams, Intercultural competence in the workplace
